

### Trabalho Prático 3. Projeções Ortográficas

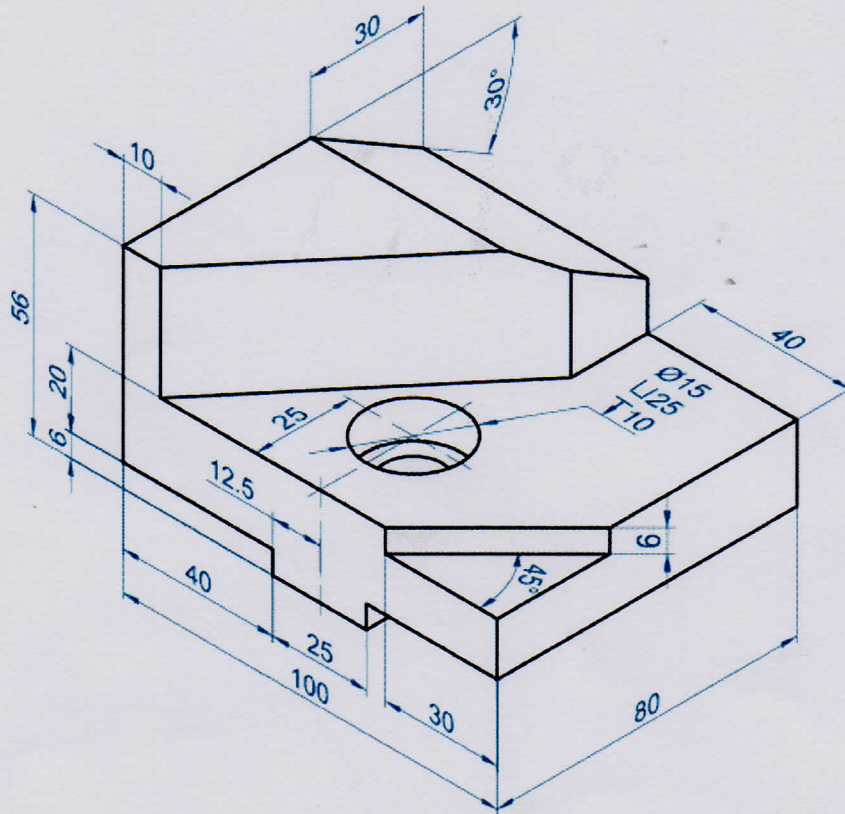

Aluno: Raquel Y. Lucania Pereira da Costa

Matrícula: 202045268

Turma: 02A

Data: 19/03/20

1. Desenhe, a mão livre e em papel milimetrado, as vistas ortográficas em 1º e 3º Diedro, de cada perspectiva mostradas abaixo. Utilize a escala apropriada para o desenho caber numa folha A4.

2. Indica na tabela os números das vistas correspondentes a cada desenho. Considera que a vista principal se obtém olhando a peça na direção da seta. **Todos os alunos**

### Trabalho Prático 3. Projeções Ortográficas

Aluno: Raquel Zemêdio Luciana Pereira da Costa Matrícula: 202045268

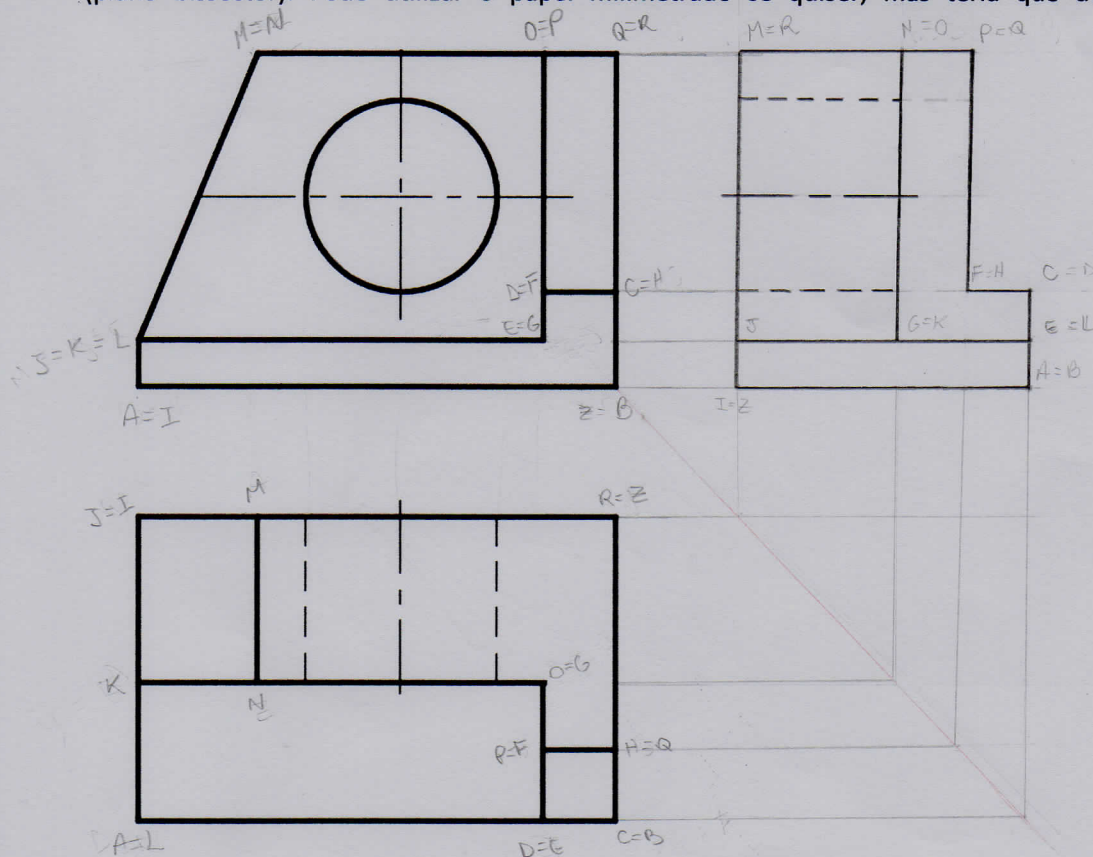

Turma: 02A

Data: 13/03/2020

3. No formato A4, desenhe as vistas ortográficas dos isométricos dados, fazendo as concordâncias onde necessário. Conforme as normas ABNT, aplique a escala e os tipos de linhas apropriados para desenhar as peças dadas, preencha a legenda com as letras de forma utilizando linhas guias no preenchimento.

4. Com instrumentos e na mesma folha, encontre a terceira vista das seguintes figuras, utilizando o plano a 45° (plano bissector). Pode utilizar o papel milimetrado se quiser, mas teria que desenhar todas as vistas.
